

Control Conference Africa 2024

16 – 17 September 2024, The Ravenala Attitude Hotel, Turtle Bay, Balaclava, Mauritius

First call for papers

The 3rd Control Conference Africa, hosted by the South African Council for Automation and Control, promotes the exchange of ideas and developments in control engineering in Africa.

The conference is aimed at supporting control research in Africa. All control engineers active in industry or academia are welcome, in particular those from African countries or any who wish to contribute to the discussion of control in Africa.

CCA2024 covers all aspects of control research. Examples include:

- Automotive systems
- Aerospace systems
- Robotic systems
- Modeling and system identification
- Process control
- Novel control theory and techniques
- Control engineering education

Please visit cca2024.org for more details

Important Dates

Submissions open:	9 January 2024
Submission deadline:	15 April 2024
Notification of acceptance:	18 June 2024
Early registration:	1 July 2024
Submission of final paper:	31 July 2024

Paper submissions

Two types of contributions will be accepted:

- Regular papers must be between 4 (minimum) and 6 (maximum) pages in the final version. Regular papers are peer-reviewed and published in IFAC Papers Online.
- Extended abstracts are two pages, peer-reviewed, but not published.

All submissions must be made through ifac.papercept.net

Workshop proposals

CCA2024 welcomes proposals for half-day or full-day workshops on the 18th of September 2024. Organizers are invited to prepare proposals for workshops that are interactive and engaging.

Conference attendees are also invited to suggest topics for workshops of interest. Further details are available on cca2024.org/workshops.

Deadline for workshop proposals: 29 February 2024

Copyright conditions

All publication material submitted for presentation at an IFAC-sponsored meeting (Congress, Symposium, Conference, Workshop) must be original and hence cannot be already published, nor can it be under review elsewhere. The authors take responsibility for the material that has been submitted. IFAC-sponsored conferences will abide by the highest standard of ethical behavior in the review process as explained on the Elsevier webpage¹, and the authors will abide by the IFAC publication ethics guidelines².

Accepted papers that have been presented at an IFAC meeting will be published in the proceedings of the event using the open-access IFAC-PapersOnLine series hosted on ScienceDirect (<https://sciencedirect.com/>). To this end, the author(s) must grant exclusive publishing rights to IFAC under a Creative Commons license when they submit the final version of the paper. The copyright belongs to the authors, who have the right to share the paper in the same terms allowed by the end user license, and retain all patent, trademark and other intellectual property rights (including research data)
